

# Student Dependant Registration

Dependants who are studying full-time at a recognised education facility can remain on their parents' policy from age 21 until they reach age 25.

Member Name	
Member Number	

Student Name		Student Date of Birth	
--------------	--	-----------------------	--

Name of University or School and Location	
---	--

Course start date:

Expected completion date:

*The student will be registered as a dependant from the course start date and removed from your membership on the expected completion date unless we receive additional advice from you. We will send a text or email reminder once a year to ensure you keep any student dependant registrations on your membership up to date.*

## Acknowledgement and declaration:

I declare that my student dependant is:

- aged under 25 years, and
- unmarried and not in a de-facto relationship, and
- undertaking full-time study at school, college or university, and
- does not receive a taxable income greater than \$50,000 per annum

If the above conditions no longer apply, registration ceases from that date and I will notify TUH immediately.

I understand that this registration applies for the course of study and that my dependant is no longer eligible for student dependant status if:

- the period of education is not continuous for whole of the TUH academic year, or
- the education is not undertaken on a continuing basis, or
- the student elects to discontinue or defer the course of study.

Note: TUH academic year commences 1 April of the current year until 31 March of the following year.

TUH reserves the right to verify eligibility for registration. Personal information provided by you on this form will be used in accordance with TUH's Privacy Policy.

To agree with the above please tick the box if submitting this form via email, or sign if posting.
