## Hospital cover

This table shows whether your policy provides cover for each treatment category. Hospital cover pays benefits towards accommodation, intensive care, theatre fees and medical charges incurred as an admitted private patient where a Medicare benefit is payable. Out-of-pocket costs may arise for some procedures such as robotic surgery, high-cost pharmacy or consumable items, or the fees charged by medical professionals. We generally pay a higher accommodation benefit at TUH-contracted hospitals. At non-contracted hospitals, we only pay the minimum accommodation benefits as determined by the government, so you may incur larger out-of-pocket costs. We may also pay benefits for alternatives to hospital treatment, as listed on our website under “home care programs”.

### Excess

Excess is applied per person, per calendar year. If you go to hospital in January and pay the excess, you won't need to pay excess again if you go back to hospital within the same year. The excess does not apply to dependants.

### Hospital waiting periods

If you have transferred from another fund on a comparable level of cover and have served waiting periods, you can claim straight away.

Waiting periods apply if you are new to private health, have not had cover for more than 60 days or have upgraded or increased your cover.

**Immediate cover:** Accidents and hospital psychiatric services where the Lifetime Mental Health Waiver is exercised

**2 months:** Rehabilitation, palliative care, hospital psychiatric services, and all other services (unless specified)

**12 months:** Pre-existing conditions

### Restricted services

We pay the government's default accommodation benefit toward your private hospital accommodation or the cost of shared accommodation at a public hospital. For surgically implanted prostheses, we cover the cost for no-gap items or the minimum benefit for gap-permitted items. Theatre and labour ward fees are not covered.

### Excluded services

No benefit is payable, including accommodation or medical fees.

## Extras cover

Limits are per person, per calendar year, unless otherwise stated. Replacement and other assessment rules can apply to some services. Benefits are only payable up to the annual limit.

Dental items are as defined by the Australian Dental Association (ADA) schedule and at TUH's discretion. Contact TUH when you have obtained an itemised treatment plan from your dentist for information on actual benefits payable. The surgical removal of teeth (including wisdom teeth) is included in general dental.

No benefit for additional lens treatments (eg. tinting/hardcoating/transitional).

Provider must be registered with the Australian Regional Health Group.

### Per person/membership

An individual within a family, single parent, or couple cover can claim up to the per person limit, provided the membership limit has not been exceeded.

No benefit paid for counsellors.

### Look out for:

#### Initial consultation

Limit of one per year.

## Health management

Please contact us for details of approved programs. Due to legislation, benefits are only payable if not claimable through Medicare.
