

Oh me, oh my, what a lovely tooth.
You are growing and here's the proof!
You deserve a gift for your pearly white.
You'll find it in the morning light.
Brush and floss and brush again, and
I'll be back for my little friend.
All my love,
the one and only,

Tooth Fairy

Last night while you were fast asleep, I looked
under your pillow and found your tooth.
What a tooth it is! I know it will be one of the
best in my collection.
To thank you I've left something special for you.
Until next time,
your friend,

The Tooth Fairy

Thank you so much for your beautiful tooth!
I don't normally leave letters because I have a
lot of teeth to collect every night but I wanted to
congratulate you on your fine tooth.
You obviously look after them so I have left a
small gift for you.
Keep up the great brushing,

The Tooth Fairy
